Involved, too, are the vital components of projection and ideology, understood here in the classical sense as the imaginary relation that we hold with real modes of production. However, if you must know the truth in a given situation, this part provides you with a sequence of questions that virtually guarantee that you will know a if you're being lied to and b what the truth is if it's not obvious from the lie. Next, to understand your brand positioning, you need to know more about your current and potential fans.
